

Question:

We are about to initiate the process to set up a 501(c)(3) which will allow our association to separate our lobbyist and allow tax deductible donations to Montana Speech-Language-Hearing Association (MSHA). We will be setting up a separate set of books which includes new bylaws for the 501(c)(3). Please share helpful tips and bylaws if you have done this with your state association.

Answers:

NJSHA would recommend seeking the advice of a CPA from your state.
