Hi Christine,

Vermont used LMW Design out of Rutland VT back in 2012 to redesign our website. We were pleased to have Doug Parham mention us as one of his designated "gold star" websites during his recent presentation at CSAP in Denver.

Here's Laurie Musick Wright (LMW) Design's website link: <http://lmwdesign.com/>

Best regards,
Catherine Lavigne,
VSHA President

i4a association management system provides a framework. Graphic designer Brad Sherman (864.561.8508, PO Box 4083, Greenville, SC 29608) did a great job of designing the look.
